

EcoBucks Beta Test by DualCurrency Systems

We are pleased to welcome participants in the Northland Bioneers Conference to the initiation of the DualCurrency Systems (DCS) EcoBucks Beta Test. Conference participants will receive EcoBucks, redeemable for special offers at participating merchants. EcoBucks are incentives for sustainable behaviors and will eventually be used to promote recycling, car-pooling, eco-education and more.

There are currently a limited number of participating merchants, but we intend for the program to one day be used everywhere that credit cards and e-commerce are help people buy and sell products and services. The *Beta Test* is merely a proof of concept for DualCurrency technology and an educational tool for merchants, community organizations, the financial services industry, potential investors and others. Your support will help make the *beta test* a resounding success.

To join, go to the DCS beta test site, sign-up for a personal account and receive 100.00 EcoBucks to spend. When you make your first purchase, you will need a credit card, debit card or checking account to register with PayPal. This is in order to pay the cash portion of each DualCurrency transaction.

Go To: www.dcsrewards.com Enter your email address and pick a password; then click on 'Create or Edit your DCS Customer Profile.' On the site, you can place an order for the gift certificate of your choice and print a receipt to take to participating merchants. (We are currently working on the DualCurrency point-of-sale credit card solution as well.) Then please patronize our merchants and watch for additional DualCurrency special offers. If you require technical support, please contact: Clyde Cutting: Clyde@DualCurrency.com or 651-271-5782.

Participating Merchants (more being added)
